

CVC Credit Partners Investment Management Limited

Legal Entity TCFD Aligned Report

CVC Credit Partners Investment Management Limited (the Company) is a private limited company formed under the laws of England and Wales and is an indirect subsidiary undertaking (as that term is defined in section 1162 and Schedule 7 of the United Kingdom Companies Act 2006) of CVC Capital Partners plc, a company whose shares are listed and traded on Euronext Amsterdam (CVC Capital Partners plc and its subsidiaries being together, the Group). The Company's business is primarily that of acting as investment manager for certain funds, with a specific focus on the Credit investment strategy of the Group. The Company is authorised by the Financial Conduct Authority (FCA) in connection with the conduct of those activities subject to the provisions of the UK Financial Services Act 2012 and the Financial Services and Markets Act 2000 (the Acts).

This report (the Report) is made available in compliance with the Company's obligations under the requirements set out in chapter 2 of the FCA's Environmental, Social and Governance (ESG) Sourcebook (ESG 2), requiring certain FCA authorised asset managers to publish disclosures consistent with the Recommendations and Recommended Disclosures of the Task Force on Climate-related Financial Disclosures (TCFD). The disclosures herein cover the Company's TCFD in-scope business. This Report should be read in conjunction with the Group Sustainability Report (as defined below). Consistent with the Group Sustainability Report, the disclosures herein cover the period 1 January to 31 December 2025.

The Company is part of the Group, and its climate change strategy, governance and operations are aligned to that of the Group. As at 31 December 2025, the Group's business consisted of four core asset classes: Private Equity, Credit, Secondaries and Infrastructure. The Group has prepared a FY25 Sustainability Report (the Group Sustainability Report), which is aligned with the Corporate Sustainability Reporting Directive (CSRD) and incorporates the Recommendations and Recommended Disclosures of the TCFD, including those applicable to all sectors (section C of the TCFD Annex) and the additional guidance for Asset Managers (part 4, section D of the TCFD Annex). The Group Sustainability Report covers the assets managed and / or advised by the Group under the four strategies, and includes those managed and / or advised by the Company.¹

While the Company's general approach to sustainability-related matters is consistent with that of the Group, there are differences between the investment strategies managed and advised by the Group. These differences and where relevant the resulting impact they have on the approach to climate risk management can be identified by references to 'Credit', 'Secondaries', 'Infrastructure' and 'Private Equity' in the Group Sustainability Report, whereby the disclosures most relevant to the Company are those that relate to 'Credit'. By distinguishing between the strategies where relevant, the Group Sustainability Report addresses the Group's overarching approach to climate risks and opportunities as well as the specific approach taken by the Company where this differs from the other strategies or the Group's overarching approach.

¹ Please see page 102 of the FY25 Group Sustainability Report for further details on the scope of the Group Sustainability Report.

Given the above, in accordance with ESG 2.2.5 R, the Company considers it appropriate to rely on the disclosures made by the Group in the Group Sustainability Report to satisfy the Company’s obligations to produce an entity report under ESG 2. Cross-references in this Report relate to the FY24 Group Sustainability Report which is contained within the FY24 Annual Report and available on the Group’s website at: <https://www.cvc.com/sustainable-value/sustainability/reports-and-policies/>.

Delegation

Prior to 15 April 2024, the Company's ultimate parent (CVC Credit Partners Group Holding Foundation) was the ultimate parent entity of its own corporate group (CVC Credit). CVC Credit was transferred to the Group as part of an internal re-organisation ahead of the listing of CVC Capital Partners plc in April 2024. As at the date of this Report the Company is an indirect subsidiary undertaking (as that term is defined in section 1162 and Schedule 7 of the United Kingdom Companies Act 2006) of CVC Capital Partners plc. CVC Capital Partners plc is a public company listed on the Euronext Amsterdam stock exchange.

The management of the Group is supported by a committee of senior executives (the Partner Board), to whom certain decision-making has been delegated by the Board of CVC Capital Partners plc (the Board), comprising the Chief Executive Officer, the Chief Financial Officer and other senior executives.

The Chief Executive Officer will typically act as the chair of the Partner Board.

The Partner Board has responsibility for:

- (i) making and implementing operational decisions on behalf of the Group; and
- (ii) making recommendations to the Board on certain matters reserved for the Board.

The Partner Board may delegate its powers as it sees fit. The Group's management structure has been designed to support the Board and senior management's decision-making responsibilities, while using the depth and quality of experience that the Group believes has contributed significantly to the Group's success.

The Board is responsible for approving the sustainability strategy, following the recommendation of the Partner Board, which delegates day-to-day responsibility for sustainability matters to the Sustainability Committee. For further information on the role of the Sustainability Committee please see page 103 of the Group Sustainability Report.

With respect to portfolio management activities, the Company does not rely on third party delegated investment managers; however, in some cases, the Company does utilise third party services providers to assist with certain operational activities (e.g. fund administrators). At present, the Company does not seek to incorporate climate-related factors in the selection or ongoing monitoring of such suppliers or service providers as these are ancillary services that are not core to the Company's business.
